.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

Extension and research questions:

- This video was created in 2018 using the most up to date UN statistics. Fact check and see if this number has increased or decreased: <https://www.un.org/en/sections/issues-depth/food/>
- Find out what the other 16 SDG targets are. How does hunger link with the other goals? Can you explain in detail why one of these, other than climate change, may lead people to be hungry?
- Visit the Concern website and find out about our work in Climate Smart Agriculture to support farming communities impacted by climate change around the world

 **Request a Hunger Heroes Pack to learn about the work Concern does to tackle World Hunger. Email getinvolved@concern.net**
