WATER FOR GAZA APPEAL

EVERY DROP COUNTS

**Help us raise £250,000 in 12 weeks
to provide life-saving water in Gaza**

The people of Northern Ireland have always stood with communities around the world in times of crisis. Let's show that same compassion and solidarity now for the people of Gaza and help save lives.

We are calling on organisations, businesses and institutions in Northern Ireland to help us reach 21,000 people in desperate need in Gaza with safe, clean water.

A COLLECTIVE CALL TO ACTION

Together, we can provide life-saving access to clean water and hygiene and sanitation support for three months to up to 21,000 people in Gaza.

Nine in every 10 people in Gaza have no access to safe water

Children are dying daily from dehydration and disease

Hospitals are overwhelmed and basic sanitation has collapsed Concern's impact in Gaza

Concern Worldwide is a global humanitarian aid and development organisation working in 26 of the world's most fragile countries, providing life-changing support to communities who are most vulnerable to crises.

Right now, we are working with our trusted partners on the ground to deliver critical water, sanitation, and hygiene support across Gaza. **Even with restrictions in place, we are successfully trucking thousands of litres of clean water daily to vulnerable communities facing severe shortages.**

We have also installed a life-saving water filtration system in Gaza City's only functioning children's hospital, ensuring continuous access to clean and safe water for medical treatments and daily care to up to 350 patients every day.

WITH YOUR HELP:

£150,000 could provide clean water to **20,000 people** across **10 sites**

£100,000 could help install **56 toilets and water tanks**, restoring sanitation for **21,000 people**

WHAT YOU CAN DO:

There are many ways you can show your support.

DONATE

Scan the QR code, or for other options, contact our team at: **nipartnerships@concern.net**

FUNDRAISE

Set up a Water for Gaza fundraising page, host an event such as a coffee morning, pub quiz or raffle, or create your own challenge, such as a solidarity walk, run, hike, cycle, swim 24-hour fast or dance-a-thon.

SHARE

Endorse our appeal by sharing it on your social platforms to inspire others to show their concern.

Together, we can help families survive and stay healthy. These are real, life-saving actions — powered by the generosity of people in Northern Ireland.

The situation in Gaza is changing by the hour — and Concern is committed to responding where the need is greatest. Your donation will go directly to support people in Gaza. Right now, that means clean water — but tomorrow, it could mean emergency shelter, medical supplies or food.
